# INTRODUCTION

These subject and author indexes cover all of the papers in Parts I through V of ASCE TRANSACTIONS, Vol. 126, 1961. Also included in the author index are citations to the abstracts of memoirs of deceased members; the authors of the memoirs are not indexed but their names appear in the individual memoir abstracts. In the author index, the abbreviation "Dsc" is used to indicate a discussion.

In this index, a notation such as

IV:750:3259

indicates part IV, page 750, Transactions Paper 3259. For a memoir abstract

V:32

indicates part V, page 32.
